

# Ultrafast broadband has arrived!

Fibre to the premise provides the fastest possible broadband speed.

Check with your internet service provider today to upgrade or visit:  
**[www.betterbroadbandoxfordshire.org.uk](http://www.betterbroadbandoxfordshire.org.uk)**

Ultrafast broadband is now available in your area thanks to the County Council's Better Broadband for Oxfordshire programme. Ask your internet service provider about how to upgrade.

The internet is essential to modern life. With ultrafast broadband you can:

- ✓ Watch TV over the internet and simultaneously download UHD films and music
- ✓ Let the whole family get online at the same time without it slowing down
- ✓ Transform your business using Cloud services and faster data transfer
- ✓ Create, work and run a business remotely from home
- ✓ Learn online, access healthcare and other public services more conveniently
- ✓ Shared workspaces – online collaboration made easy
